### **SYNOPSIS**

There is a 6 year old kid named Alice, the son of a businessman, namely Charles. At that time Alice experienced a bit of trauma due to her sleep problems because she often had the same dream and made her almost stressed. That night his father and colleagues were discussing business, Alice woke up from sleep and approached her father. then his father asked alic why did you wake up did you have another nightmare? alic just nodded her head then charles approached his daughter to accompany her to sleep, alic then shared her dream that she met a talking animal. his father listened to alic's every story then said it was okay it was just a dream. then alic told me again that the animal was strange, there was a cat who smiled broadly, then there was a rabbit wearing a blue coat and a bird whose dodo was all weird, had i been crazy asking alic to her father His father calmed down his son again and said everyone has a dream, I also wonder if there are animals that can talk, but don't be afraid that there are six things that are necessary in this world, for example bread that makes your body big and small, drinks that make small, and everything. things that don't make sense, if you dream that again try pinching your body. Alice then smiled calmly and went back to sleep.

Alice grew up around the age of 14 years her father Charles died and Alice lived with her stepmother, at that time Alice and her mother would go to a horse-drawn carriage event. his mother saw Alice mournful then asked Alice that dream again? Alice asked her mother why i had only one dream and it always came the same dream while the others had many different dreams. her mother just keeps

quiet and asks why don't you wear net stockings, Alice doesn't like it and says stockings are like tools to catch fish. When they got to an event, Alice was surprised because the event was made for her engagement with Hamish, a man she didn't know and didn't love. Alice is annoyed about it something that hasn't been asked of her first. Her engagement ceremony to Hamish will begin with Hamish invited to dance by Hamish, when they are busy dancing Alice has hallucinations she sees men wearing skirts and women wearing pants, not only that Alice sees herself flying just like a bird and makes Hamish annoyed right that absurd sight. Then Alice experienced heavier hallucinations because she saw a rabbit in a blue coat. Alice felt himself like a madman with that unreasonable vision. Then the engagement ceremony took place Hamis proposed but how could Alice refuse because he saw the rabbit and ran following the rabbit and found a large hole and fell into the hole.
